Additional Installation Information

- When installing Café Lights outside, a Ground Fault Circuit Interrupter (GFCI) receptacle should be used.
- Only mount Café Lights to a solid support structure such as joists, beams, studs or other solid mounting surfaces.
- Guide wires in compliance with local electrical and building codes may also be used to support Café Lights.
- When finished mounting, place the female receptacle cover firmly over the unused outlet and plug the male plug into the GFCI receptacle.
